GEO. STRUVE & SONS PARTNERSHIP DISPERSION SALE

TUESDAY, NOVEMBER 19 - CARROLL, IOWA

West Sale Pavilion - 12:30 P.M.

15 BULLS

36 FEMALES

*Herd Bulls, Cows with Calves at foot, Bred Cows and Heifers
and Open Heifers*

The bulls include the six-year-old Marellbar Duplicator by Cruggleton Allardice. He was the first prize senior yearling at Chicago in 1953 and he sired a first prize bull and a reserve senior champion female at the 1955 Chicago International. Ten sons and eighteen daughters sell in this sale. Also selling is the junior herd sire, Melbourne Leishman, by the Perth reserve champion, Cruggleton Leishman. This dark roan, three-year-old stood next in class to the reserve champion bull at Chicago in 1955. Great-headed, heavy-quartered and short-legged, his first sons and daughters will be a feature of this sale.

Every animal that normally would have been included in the Struve show herd this year sells in this sale. Nothing is being held back. Glen Struve has retained ten of the older females that represent nine of the cow families in the herd. You can bid on and own every other animal from this famous Manning, Iowa herd. Here is a herd that has been bred and produced for profit, and its productions have shown and sold with great success from coast to coast. The Struve brood cow herd, big, deep and roomy individuals, has earned the admiration of everyone who has ever seen it. Their herd bulls have always been the very tops obtainable.

The females include thirteen cows with calves at foot, fifteen bred heifers and eight open heifers. There will be three daughters of Edellyn Moray Mercury, three by Cruggleton Pretender, thirteen by Marellbar Duplicator, and others by Edwin Royal Leader, Erimus Dandy, OAC Ransom 26th and Broadlawn Norseman 23d.

There will be such cows offered as Gipsy Maid 10th, the daughter of Edwin Royal Leader that was the champion female at the 1954 Centennial Iowa State Fair. She also won her class at Chicago in 1953 and will calve before sale day to the services of Melbourne Leishman; Lane View Rosewood 2d, the reserve senior champion female at the 1955 Chicago International Livestock Show. She will calve before sale day to the services of Melbourne Leishman; Roan Veronica, the dam of the \$3,000 Loyal Leader and also the mother of the champion female at the 1951 Iowa State Fair, and she will calve before sale day to the services of Melbourne Leishman. These are just a few of the samples of the outstanding features of this sale.

Here is your one opportunity to own bulls and females of the quality and calibre that are only rarely exposed for sale.

GEO. STRUVE & SONS :: DISPERSION SALE

Left to Right: Glenn, George and Ralph Struve of the firm of Geo. Struve & Sons. They will all be your hosts at this sale on November 19, and they will be glad to give you all the information concerning any of the cattle selling that you might require.

SHORTHORNS SINCE 1901

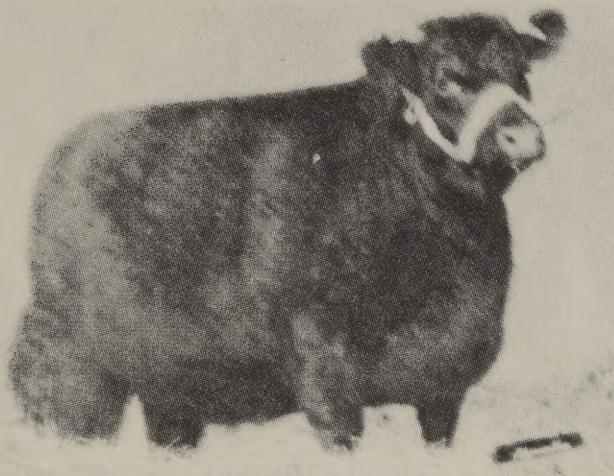

George Struve was born on the present Struve farm and began the business of breeding Shorthorns in 1901. Some of the top bulls used in the past 20 years include the noted Divided Statesman, outstanding breeding son of Divide Banner, and out of an own daughter of the great Browndale Archer. Following him there was Goldfinder's Symbol, Edellyn Rival Mercury, Style Count and Edellyn Moray Mercury. The Struves always used nothing but the best herd bulls obtainable and this is an unusual opportunity for those seeking honest, rugged, practical Shorthorns with a bred-in reputation for sound performance. As the two Struve boys came up through the 4-H Club ranks, they showed a number of champion steers, including the winners at the Ak-Sar-Ben in 1938, 1939, 1945, and a daughter, Fern Struve, exhibited the grand champion at Omaha over all breeds in 1947.

You can readily buy with confidence in this sale and I urge everyone interested in good Shorthorns to make every effort to be present at Carroll, Iowa, on Tuesday, November 19.

CRUGGLETON PRETENDER -- He was purchased by Geo. Struve & Sons for \$5,000 from Mathers Bros. He was a member of the Leveldale show herd and won his class at the Indiana State Fair. His sire, Cruggleton Adjuster, was a many times champion in Scotland and his half-brother, Scotsdale Aspiration, was the grand champion bull in Canada in 1948 defeated the 1947 International grand champion. He is a double bred grandson of Cruggleton Perfect, one of Scotland's all time great bulls. His descendants have given us a lot of fleshing and thickness and beef making quality.

MARELLBAR DUPLICATOR -- Sired by the noted Cruggleton Allardice; his dam was the great show cow Marellbar Lancaster. He was shown only a few times but with great success. At the 1952 International he was third in class. At the 1953 Denver Show he was reserve junior champion, and at the 1953 International he was first prize senior yearling. Marellbar Duplicator is the best breeding bull that we have ever owned. He has consistently sired the most uniform lot of top calves anyone could expect. Both his bulls and heifers have been of equal excellence and have both been equally successful in the show ring. As proof, he sired a first prize bull and a reserve senior champion female at the 1955 International. Everyone agrees that he is an outstanding sire of both bulls and females. This bull has always been very active, has run in the pasture all summer and is very sound. Only in a dispersion sale do you have the opportunity to buy a proven sire like this.

MELBOURNE LEISHMAN -- His.dam was a top Marellbar Sale heifer and he has been proclaimed as the best son of the noted Cruggleton Leishman. At the 1955 International Livestock Show, although not highly fitted, he stood second in class to the reserve grand champion bull. Although he was pressed into heavy service in 1956 he was made reserve grand champion bull at the Iowa State Fair. He is burley headed, smooth, very short-legged with good under-pinning and a full, bulging quarter. At three years of age he is just in his prime and from the good-doing ability and uniformity of his calves it would certainly appear that he is destined to write plenty of breed history for his new owner. Here again is a rare opportunity when a bull of his great potential is offered for sale to the highest bidder.

GEO. STRUVE & SONS :: DISPERSION SALE

You can't beat a combination of good cows and good grass. The Struve herd is healthy, has been developed on farm grown feeds and you can be assured of their future usefulness.

Tuesday, November 19, 1957 :: Carroll, Iowa

We would like to show you a few pictures that will give you an idea of the development of the junior herd sire, Melbourne Leishman, that sells as lot 2 in this sale. The picture below was taken in his yearling form. It shows his good head, shortness of leg, and bulging quarter.

Here is Melbourne Leishman pictured at the early fall shows as a senior yearling. He was a great calf to start with, and he developed in the right manner as he went along. After looking at these two pictures, now please turn to lot 2 and see this great bull as he approached his mature form.
